HEY BELLY, Have you ever wondered what makes our neighbourhood

Neighbourhood is a unit of social organization—smaller than a city but larger than household.

Check it out! It's our 'hood! Mapping it out gives us the lowdown on everything around.

In the neighborhood, we handle four key roles: economic, administrative, political, and sociability.

"Sociability? We're the social bees buzzing from one flower to another!"

WOOH!! SEEMS LIKE A TREASURE MAP.

NOOOOO!! IT'S OUR AREA

What is sociability?

Sociability is the degree of engagement with people around

Is there any specific sociability?

FLEET: Chatting with expressions.
ENDURING: Engaged in conversation.
PASSIVE: Enjoying without participating.

WE TRADE JOKKES,
LAUGHTER AND
OCCASIONALLY, A
CUP OF SUGAR!!

This is Economic Function. It resembles our neighborhood's own little marketplace.

I am officially throwing my hat into the ring for the presidency of the laughter club!!

Political works on
3D(Demand,
Decision, Delivery)

Administration
focuses on the
distribution of
public services.

What does other 2
mean?

HEY GUYS!!
Does anyone know
about saved and
liberated community?

They only accepts
with terms and
conditions

Liberated
community does not
accept new
member.

What role does
children play in a
neighbourhood?

YEAH!! The saved
community accepts
new members

We make
neighborhood more
active and playful,
along with
enthusiasm.
